Colour of Time: Garry Fabian Miller by Marina Warner Since establishing himself as a critically acclaimed landscape photographer in the 1970s, Fabian Miller has reinvented himself as an artist specializing in camera-less, darkroom-produced photographic images exploring the elements of light, time, and color in a notably spare, but also vividly The Colour of Time : Garry Fabian Miller - Book Depository Garry Fabian Miller has a deserved reputation as one of the most progressive artists working with photography today and The Colour of Time is a beautifully reproduced overview and welcome addition to the published work of the artist's progressive and affecting recent output. Resurgence • Article - Playing with Light Whilst Garry Fabian Miller's early work showed the progress of time in a series of leaves, or the sea horizon through the seasons, 30 years on his images have moved into pure abstraction, making images of light itself. This is a language of geometry, squares and circles in luminous colour. Only the titles link them obviously back to the artist's inspiration in his response to changing light and season.
