Centre of Computational Intelligence - dm.ac.uk The Centre for Computational Intelligence (CCI) exists to develop fundamental theoretical and practical solutions to real world problems using a variety of computational intelligence paradigms. This centre produces high quality, industrially relevant research into intelligent systems. This provides International Journal of Computational Intelligence Systems The International Journal of Computational Intelligence Systems (IJCIS) is an open access peer-reviewed journal which publishes original research on all aspects of applied computational intelligence, especially targeting papers demonstrating the use of techniques and methods originating from computational intelligence theory.
