Sentence spacing is the space between sentences in typeset text. It is a matter of typographical convention. Since the introduction of movable-type printing in Europe, various sentence spacing conventions have been used in languages with a Latin alphabet. These include a normal word space (as between the words in a sentence), a single enlarged ... - Mon, 20 May 2019 01:40:00 GMT Full stop - Wikipedia Five Grammatical Errors That Make You Look Dumb - Copyblogger One thing blogging and good copywriting share is a conversational style, and that means it's fine to fracture the occasional rule of proper grammar in order to communicate effectively.
