Wilflex™ Epic Color System MX | PolyOne Wilflex™ Color System MX is a simple finished ink system that allows access to simulations of the entire Pantone ® spectrum with just 15 inter-mixable colors. MX Mixing colors are single pigments offering balance of color, accuracy, and printability and features base chemistry that provides a matte surface finish and is optimized for wet-on-wet printing. Step-by-Step Guide to Excel Formulas for Beginners Excel formulas can also be developed using cell references. Continuing with our example, you would not enter the numbers 3 and 2, but instead would name cells where these numbers have been entered (see Using Cell References below for more on cell naming). When you write a formula this way, the formula cell always shows the sum of the numbers in those cells, even if the numbers change.
