Fuzzy multiple criteria decision making: Recent developments central planning and collective decision-making rely on aggregation and the reduction of criteria in order to reach consensus. Felix [44] presented a novel theory for multiple attribute decision making based on fuzzy relations between objectives, in which the interactive structure of objectives is inferred and represented explicitly. 4 Multiple Attribute Decision Making: Methods and Applications Multiple Attribute Decision Making Methods and Applications Gwo-Hshiung Tzeng Jih-Jeng Huang Multiple Attribute Decision Making - Methods and ... This monograph is intended for an advanced undergraduate or graduate course as well as for the researchers who want a compilation of developments in this rapidly growing field of operations research.
