It's very strange. It almost looks like an attempted spam but it's broken. I'm pretty sure it's not a hacking attempt but I'll need to see the actual access logs or at least get some more information about where these URLs are before I can be certain. - Sun, 12 May 2019 23:47:00 GMT getting blockpage alert in a couple of programs ... How do block pages work? - Human-centric Cybersecurity The bottom frame provides any options that are available to the user, based on the way the site has been blocked. The user may be presented with an option to Go Back to the previous page, Continue to the site, or Use Quota Time to view the site. Saikat Bhattacharya (@saikatonweb) | Twitter Tweet with a location. You can add location information to your Tweets, such as your city or precise location, from the web and via third-party applications.
