Length is the distance between two points. Length is usually measured with rulers. Examine the metric ruler diagramed below. Notice that the labeled units are in centimeters (cm). Small vertical lines separate each centimeter into 10 sections. Each of these ... Answer Key • Lesson 1: Measuring Volume - KendallHunt Answer Key • Lesson 1: Measuring Volume Measuring Volume The Crow and the Pitcher This is a very old story of a very thirsty crow. The crow, nearly dying of thirst, flew with joy to a pitcher which he saw some distance away. When he came to the pitcher, he found water in it, but so near the bottom that he was not able to drink. He tried to knock over the pitcher so he might at least get a ...
